### ACADEMICS

Most of the students are showing an improvement in their academic performance. Many of them have even started setting goals for themselves.

### CELEBRATIONS

Celebrating rituals and festivals give the future generation insights into the rich Indian heritage and culture. So, every festival is a grand affair in the hostel where students take part in organising and celebrating together. Students participate in all festivals, which include Raksha Bandhan, Diwali, Gandhi Jayanthi and Holi, with great enthusiasm.

### SPORTS

Alongside education, our students are active in the sports field too with many of them participating in sporting competitions in school.

### CULTURE

Students enjoy chanting slokas every day in the morning. During evening time, they are encouraged to read story books on Indian folklore to help them understand our culture better.

### SUSTAINABLE DEVELOPMENT

The students are taught the importance of sustainable living. Acting as ambassadors of value-based education, they take back this essential knowledge wherever they go. Our students spread the goodness of value-based education and sustainable living in their homes located in rural India and across the local community.
